

Cynthia Lydon

Norwell Housing Authority

Education:

Bachelor Degree in Business Administration
Master Degree in Business Communications Management
Massachusetts Public Housing Administrator Certificate

Professional:

- Currently working at a Housing Authority assisting in the management of the state-aided Chapter 200 program.
- Previously worked in communications for the Massachusetts State Retirement Board traveling around the state educating soon-to-be retirees of their state benefits.
- Worked under the Massachusetts State Treasurer and Receiver General holding positions such as: Director of Human Resources, Director of Financial Education and Deputy Chief of Staff.
- Extensive experience in financial services in the private sector before working for the Commonwealth of Massachusetts.

Issues Facing the town today:

Though it has only been a short time that I have lived in Norwell, my background in community organizing, coupled with my professional experiences has enabled me to assess some of the critical issues facing Norwell. These issues include:

- Preserving our conservation lands and open spaces.
- Working collaboratively to keep our Norwell Public School students enrolled in full-time and in-person learning models.
- Finding ways to keep our seniors in Norwell when they retire.

I am running for office because:

I am running for the office of Housing Authority Board member because I have always valued public service and active citizenship. I believe that The Housing Authority Board is where I can contribute to my new community given my professional experiences and my ability to collaborate and partner with the diverse stakeholders throughout the community.
